INTRODUCTION

The original East Sussex Collection was compiled over several years by Michael Burchall in collaboration with several other transcribers and indexers and this was purchased from him by the Trustees of the Institute in 1985. With the assistance of the Genealogical Society of Utah the collection was microfilmed and subsequently jacketed to enable the publication of the collection on microfiche. The originals were then placed on permanent loan with the Lewes Record Office in 1987. The collection comprises several large indexes and transcripts of sources. These include the following:

The East Sussex Baptismal Index 1700-1790	(1130 fiches)
The East Sussex Baptismal Index 1790-1812	(733 fiches)
Brighton Baptismal Index 1813-1837	(157 fiches)
Sussex Marriage Index of parishes not covered by Boyd 1813-1837	(3 fiches)
Nonconformist Registers – index and transcripts of all registers held in the PRO in class RG4	(18 fiches)
Archdeaconry of Lewes Wills Index 1660-1857	(8 fiches)
Settlement and Removal Papers abstracts	(7 fiches)
Calendar of Surnames in the above	(8fiches)
Quaker Records – catalogue of records deposited at Lewes by the Quarterly Meetings of Sussex, Surrey and Hampshire	(1 fiche)
Monumental Inscriptions from various parishes in Sussex	(18 fiches)
Parish Register Transcripts – most indexed but not all	(902 fiches)

Total: 2985 fiches

Michael Burchall intended to continue the East Sussex Baptismal Index prior to 1700. However, he had only completed indexing some half a dozen parishes and although we have a copy of what he had done, this section is not included in the inventory of items for sale at this time. It is incomplete and in reality hardly worth bothering with.

Each jacket has been examined and a detailed inventory has been made which identifies the contents of the collection. This has enabled the number of fiches to be broken down into smaller, more affordable sets which will appeal to a wider audience.

The inventory shows how many fiches make up a transcript or index: whether the original copy was a manuscript or typescript and, if a transcript, whether it included an index.

Postage and packaging costs are 75p per parish or £2.50 outside the UK. Please make cheques payable to Trustees IHGS. Please allow 28 days for delivery.

SUSSEX HERALDRY

Between 1936 and 1974, Cecil Humphery-Smith completed a survey of all heraldic monuments, glass etc. in Sussex churches and elsewhere in the county. While not yet published this collection contains valuable data from monumental inscriptions as well as heraldry. A search service is available in return for donations to the appeal fund.
